

# JOURNEYMAN PRESSURE WELDER

**Right Choice Energy Services Inc. (RCESI)** is looking for a qualified **Journeyman Pressure Welder** to join our team. Welders are expected to have thorough knowledge of the oil & gas industry with facility experience. Reporting to the shop/site Supervisor(s).

## **RESPONSIBILITIES WILL INCLUDE BUT ARE NOT LIMITED TO:**

- Able to interpret multiple discipline drawings, have full understanding of welding codes, follow and understand RCESI WPS
- Able to identify all techniques of welding and know the properties of various types of metal
- Proficient in the use of air/oxy/fuel cutting equipment, electric welding machines, and hand power tools
- Be cognizant of productivity and quality, minimizing rework
- Ability to fit up structural and piping components as per drawings
- Able to weld at heights safely from a scaffold or aerial work platform
- Understand provincial and federal standards as applicable to construction activities and ensure applicable code books are understood
- Complete logbooks/inspections daily as equipment is utilized.
- Complete required daily maintenance and troubleshoot any equipment issues, reporting major maintenance requirements to the supervisor for immediate action
- Ensure all tools and equipment are kept clean and tidy
- Other duties as assigned

## **THE SUCCESSFUL CANDIDATE WILL BE:**

- In possession of a Journeyman Welder ticket with pressure welding certification (Saskatchewan or interprovincial equivalent)
- In possession of or able to obtain a valid First Aid & H2S Certificate prior to hire
- Have 2+ years of experience with pipe fabrication and passing x-rays in a production shop
- Have valid F3/F4 qualifications
- Have working knowledge of multidisciplinary activities (civil, structural, piping)
- Able to report fit for duty at the onset of each shift
- Safety conscious, able to work well under pressure, and have the ability to work independently in a demanding environment
- Capable of performing the physical requirements of the job, including lifting greater than 20lbs and demonstrating worksite mobility
- Willing to work extended hours/weekends as required

- Must pass weld tests and produce welds that meet requirements
- All applicants must be willing to travel throughout southern Saskatchewan, Alberta, and Manitoba and hold a valid and clean driver's license.

This position is safety-sensitive; therefore, a pre-employment D & A test is required prior to hire as well.

RCESI offers competitive wages and a comprehensive group benefits package. To apply, please submit your application to [admin@rcesi.com](mailto:admin@rcesi.com) no later than **May 31, 2026**. We would like to thank all candidates for their interest; however, only those who are selected through the recruiting process will be contacted. If you are interested in this opportunity, we strongly encourage you to apply as this position may be filled prior to the posting close date.
